**What to do if you are unable to plant your trees upon receipt. We strongly advise that you plant them as soon as possible upon arrival. If unable to plant immediately, try to access a cooler. Otherwise store them in a cool area, away from the sun and wind, open slightly the container and make sure that the trees remain damp.**

**Make sure that your trees are planted properly. Once you have received your trees, get them into the ground as quickly as possible. Trees can be planted with a heavy spade, spud or machine planted. Roots should be planted deep and the soil around the trees should be firmly packed.**

**Minimum order of \$25.00 on rooted stock. Minimum Federal Express of \$20.00 per package. Quotes for skids on freight trucks are available when it is cheaper to ship by freight trucks. Customer pick up can always be scheduled. 25% deposit is required to reserve stock. Net balance is due March 1 of the shipping year for spring delivery and by September 1 of the shipping year for fall delivery. Spring shipment occurs usually from late March through April unless you are from the southern states and need shipments earlier. Fall shipment occurs in late September through November. Arrangements can be made for storage in our coolers for winter delivery. We reserve the right to cancel orders or to fill them with the best available stock if the particular size class requested has been sold. All prices are F.O.B. nursery. All shipments are at buyers own risk. Our liability ceases upon delivery to the carrier. Breakage or spoilage claims due to transit should be immediately made to the transportation company. Claims for deduction or error must be made within 5 days of receipt of shipment.**
